

this petition RM-10787 is a good plan for any persons that cant pass the morse code test for hf exams this is a stumble block for people who cant pass the morse code test some countrys have drop the morse code test for all hf exams why should the usa keep this as a stumble block i think any persons that can pass the written test should be able to get any license they want so i ask the fcc to give everybody a chance to get any license they want if they can pass the written test thank you.
